### GENERAL OCCUPATIONAL THEMES

The General Occupational Themes describe interests in six very broad areas, including interest in work and leisure activities, kinds of people, and work settings. Your interests in each area are shown at the right in rank order. Note that each Theme has a code, represented by the first letter of the Theme name.

You can use your Theme code, printed below your results, to identify school subjects, part-time jobs, university courses, leisure activities or careers that you might find interesting.

### BASIC INTEREST SCALES

The Basic Interest Scales measure your interests in 25 specific areas or activities. Only those 5 areas in which you show the *most* interest are listed at the right in rank order. Your results on all 25 Basic Interest Scales are found on page 2.

To the left of each scale is a letter that shows which of the six General Occupational Themes this activity is most closely related to. These codes can help you to identify other activities that you may enjoy.

The letters to the left of each scale identify the Theme or Themes that most closely describe the interests of people working in that occupation. You can use these letters to find additional, related occupations that you might find interesting.
